Advising Notes

1. No more than 3 units of GEOG 195 may be applied to the geography major.
2. Students must complete a minimum of 12 upper-division units in the major as part of the requirements to earn a B.A.
3. CR/NC grading is not permitted in the geography major with the exception of GEOG 192 and 195.
4. General Education courses offered by the Department of Geography may be used to satisfy the General Education requirements for geography majors.
5. Students may use GEOG 167 to satisfy the Multicultural/International requirement.
6. Students must regularly consult with their academic adviser. Such consultation will facilitate course selection and enable the student to develop a program consistent with individual interests and needs.
7. The selection of electives within the major should be strongly influenced by career goals, interests in graduate study, and related matters. Whether one's interest focuses on environmental protection, planning, cartography, GIS, locational analysis, or any one of a wide array of geographic competencies, the department can provide current applicable information. Inquiries are welcomed.
