Dean's Message

Dear graduates,

Congratulations, Class of 2023!

Today we celebrate and recognize over 740 graduates from our ten extraordinary departments. Commencement marks the culmination of years of hard work, dedication and sacrifice. You did the work! You dedicated yourselves! You sacrificed! And now you are here, ready to join the community of proud Fresno State alumnx. We are proud to celebrate you, what you have accomplished, and what you will do next!

When you think back on your time at Fresno State, I know you will remember the friendships you made, events on campus, how to find good parking, getting lost and found in the library and the squirrels. I hope you also remember how the work you did in class, the research, the writing, the creating, the internships and the opportunities that not only changed how you think, but also prepared you for wherever your journey takes you. Your time in the College of Social Sciences taught you about your major(s) and minors, but also about perseverance, grit and the power of community.

As you celebrate and think about what your next journey looks like, know that you don't journey alone. The faculty and staff of the college continue to stand behind you and support you. Your community, chosen and given, continue to stand behind you and support you. As graduates, you are prepared with knowledge, skills and appreciation for the breadth of the human experience to thrive – and to help others thrive. You are ready to define, and redefine, your journey.

On behalf of the faculty and staff of the College of Social Sciences, we wish you the best – continued success, continued joy, continued growth – as you become the community leaders, scholars, role models, activists and world changers that we know you are.

With gratitude and joy,

Dr. Elizabeth A. Lowham
